About our craftsmanship

How we do it

[Fameo jewellery](#) is a craft, as well as an art and the work of our skilled and careful craftsman is made with pleasure. Whatever the gold or platinum, whatever the avant-garde jewellery, classics or contemporary piece, [Fameo jewellery](#) is distinguished by quality, creativity and perfection. Every jewellery piece comes with a Certificate of Authenticity assuring that it is an authentic, limited edition of an original Fameo (tm) creation by highly skilled specialists adhering to the highest professional, ethical, technical and quality standards.

Attention to detail and perfectionism is paramount to the execution of the true jewellery piece. Our meticulous graders ensure that every colour precious stone and diamond passes the highest GIA-base quality standard and inline with the designer vision or customers idea. Choosing the right precious stones of the right quality and colour is an art and constant challenge. The stones clarity and correct colour matching can make all the difference, which can either give the jewel life, or made it a dull and expensive trinket. And of course, all diamonds and colour gemstones that are used in Fameo branded jewellery are 100% natural and always accurately identified and graded by our GIA certified gemologists on staff.

Craftsmanship is essential to bring Fameo design dreams to reality, and our goldsmiths who input their artistry skills and years of experience to bring life into each piece of [our jewellery](#). Handmade either at Fameo Bangkok, or our London workshops, the final touch always comes from our technical chief with many years of experience. And we are so confident in the quality of our craftsmanship, that we back it up by offering a [limited lifetime repair or replacement warranty](#), on [all jewellery](#) made and sold by Fameo Online Jewellery Boutique.
